TREE CUT RUN

Run'n Cut your way to victory!

GENRE: 3D Runner

PLATFORM: Android

REFFERENCES

Voodoo's Stair Run, Roof Rails and Shortcut Run.

GAMEPLAY LOOP

Tree Cut Run is split into 2 phases (like most Hypercasual games):

1. Reach the Wooden Gate without depleting your HP

2. [Yard Stick] Get to the second Gate before time runs out
+ Cut down as many trees as possible (bonus coins);

PHASE 1 – Conserve your resources

OBJECTIVES

1. Collect:

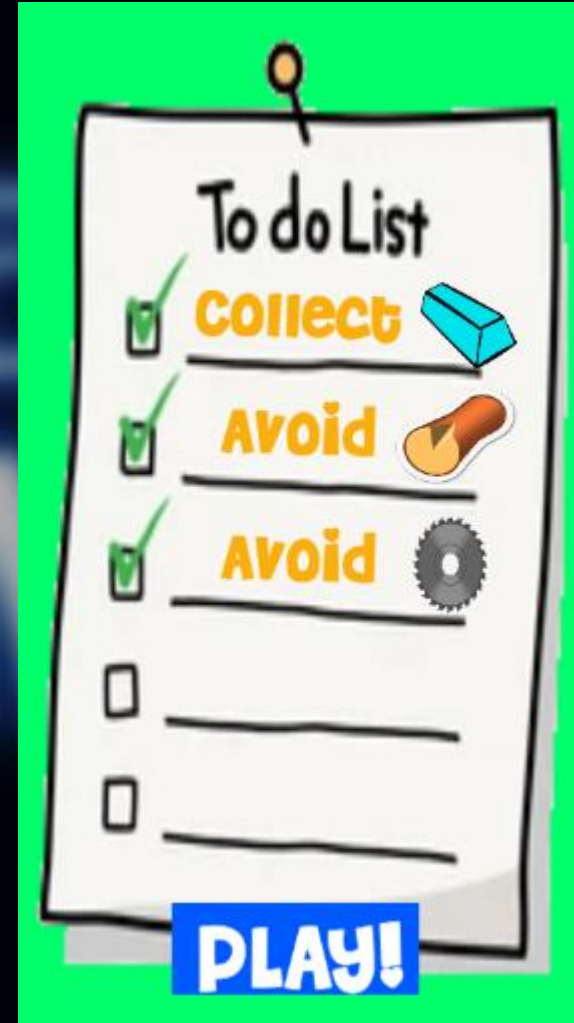

- Ingot (x1)
- Triple Ingots (x3)
- Penta Ingots (x5)

2. Dodge Obstacles:

- Trees
- Saws
- Walls

HP

1. HP increases if the player collects Ingots;
2. HP decreases if the player cuts down trees;
3. Instant fail if the player touches a Saw;

PHASE 1

There are places where the Player needs to cut trees to progress.
Manager your HP wisely.

TREE HP

- A number is Displayed on the top representing the HP required to destroy it;
- Trees' HP can also be easily calculated by their Height;
- When the Player stands in front of a Tree they start chopping;
- Each chop costs 1 HP;

PHASE 2 – Go Berserk!

OBJECTIVE

Turn the tables – destroy everything

1. Cut Trees;
2. Reach the end before Time (HP remaining) runs out.

REWARDS = COINS

1. Cut Trees = Tree HP x 10;
2. Reach the end = $50 + (\text{Remaining HP} \times 30)$;

NEW WEAPON = CHAINSAW

1. Instant KO to any tree;
2. Consumes HP/Second;

CONTROLS

Swipe Right-Left

Physics

Player keeps moving forward;
Gravity affects the player's Y velocity;

Walls

Block the player's movement forward;
Use them to better time some actions.

VISUALS

Just like most successful Hypercasual games: Less is More

- Simple visuals
- Clear path (main focus)
- Bland background
- Simple character
- Character fits the theme
- Wacky Physics
- Impactful FBXs

VISUALS TOUCHES

The AXE changes sizes relative to Player's HP

Build a Cabana!

If you manage to reach the end of a level

Trees turn Green in Phase 2, indicating Cash

VISUALS TOUCHES

In the Yard Stick (2nd Phase) the Player changes weapons to a Chainsaw!
It deals 1 Hit KO to any tree.

LASTING THOUGHTS

- Moderately challenging
- Balance between RISK – REWARD
- Multiple paths/options to progress
- Do I cut these trees or take the other tougher part?
- Yard Stick: Do I cut more trees or try to reach the end?
